Council member Gripne motioned, Schroeder seconded, to approve the agenda.

1. Review Sanitary Sewer Cost of Service Rate Study (Ehlers Financial)

Motion carried unanimously.

(New Business)

Discussion on the proposed sewer rate increase and that every 5 years it is within the industrial user agreements that the city is required to complete this requirement. A representative from Ehlers Financial Jessica Cook explained that the rates have been the same for 5 years and that is why it is a larger increase based on the cost of chemicals, buildings, lift station and the 2022 Road Project and the sewer components of that project and miscellaneous expenses associated.

After no further discussion, council member Kreemer motioned and Gripne seconded to adjourn the meeting at 6:36 pm. Motion unanimously carried.
